PROFESSIONAL EXPERIENCE

Claims Handling Trainee | Zurich North America | Addison, TX | June 2026–Present

- Developing knowledge of claims handling, policy review, liability evaluation, documentation standards, and regulated insurance operations.
- Reviewing claim information, coverage-related materials, and file documentation to support accurate claim handling, reserve analysis, and legal escalation considerations.

Business Lines Underwriting Intern | Liberty Mutual Insurance | Plano, TX | May 2025–August 2025

- Reviewed certificates of insurance, renewal documentation, and digital policy records to support underwriting accuracy and file completeness.
- Monitored documentation requirements and retention standards while identifying policy-record errors affecting commercial risk exposure.

Investor Relations Intern | Lionchase North America | Washington, DC | May 2024–August 2024

- Organized investment agreements, renewal timelines, and deal-related documentation for internal tracking and review.
- Collaborated with legal teams to address contract issues and maintain client records.

Legal Intern | Opening Doors International Services | Denton, TX | August 2023–May 2024

- Organized sensitive legal documents in accordance with confidentiality and records retention guidelines.
- Reviewed documentation for immigration cases and communicated with Afghan clients as a native Farsi speaker.

LEADERSHIP EXPERIENCE AND HONOR SOCIETIES

President | Gamma Iota Sigma, Beta Phi Chapter, The University of Texas at Dallas | August 2024–January 2025

- Led chapter efforts connecting students with professionals in insurance, risk management, underwriting, and claims.
- Represented UTD at RiskWorld 2025 and the Houston Marine and Energy Conference; organized a RMI career fair.

RESEARCH AND ACADEMIC PROJECTS

Healthcare Provider Cyber Insurance Policy and NIST Guidelines | Academic Research Project

- Researched how standardized questionnaires and NIST-aligned cybersecurity controls could improve healthcare cyber insurance underwriting.
- Connected cybersecurity governance, regulatory expectations, underwriting consistency, and organizational compliance in a policy-focused analysis.

Workers' Compensation Claims Analytics and Medical Inflation Research | Academic Research Project

- Developed a framework for analyzing medical inflation, billing behavior, claim outcomes, reserves, and litigation referral indicators.
- Evaluated how data-driven review could support claims operations, compliance decisions, and legal escalation.
